So you found your way to our online store, powered by the good folks at Bandcamp.com. Thanks!

By downloading directly from Mind Balm Records, you help us cut out the middleman and keep our costs low. That way, we can continue to provide you with great music for a pittance. Just open your wallet and [click here](#).

Thanks to our friends at Bandcamp, you are able to listen to each CD in its

entirety *before* you buy it. So listen and enjoy, but remember - if you listen but don't buy, you help make sure there won't be any more music in the future. It's up to you. You can support the artists you like and the labels that help them get their music out, or you can convince them to devote more time to their day jobs instead.

Naturally, we'd rather you buy directly from us, but if you're looking to spend a gift card for one of the major music download services, you can still stock up on Mind Balm music:

If you're looking for a physical CD instead of just a digital download, you can get that [directly from us](#), or from any of [these fine independent music retailers](#).

At the moment we offer both digital downloads and physical CDs, but we're working feverishly to add other items, like t-shirts and even vinyl records. Check back often if you want to be the first with all the newest Mind Balm merch - but there's no need to get all obsessive-compulsive about it. So take it easy.
